Subject: RE: Breast Cancer Awareness Book

James,

I think that your book will be a huge success and I know that it will help a lot of people. I would love to be able to offer my services to anyone who is in need of Areola/Nipple Tattooing. I thank you for thinking of me and I wish you much success not only with the sale of your book, but with the great way you are promoting breast cancer awareness. Please feel free to pass my name and number to anyone who is looking for my services.

Sincerely,
