

COMMUNITY HEALTH OUTREACH CONSORTIUM OF SOUTH JERSEY

Dear James,

How nice it was to meet you at the Burlington County Cancer Coalition meeting. I was very impressed by your breast cancer presentation which included examples of some of the “top-free” featured women who will be appearing in the book along with their stories of how they were impacted by breast cancer.

Your book project when completed will be quite an educational tool and one that should be viewed by every woman as well as their spouses/ significant others, young women as well as young men.

Your commitment and passion to educating people in general and women specifically about breast cancer, the impact of breast cancer on survivors and their families in such a visually impressive and tasteful “top-free manner” is to be commended and encouraged.

As I stated in our recent telephone conversation, I feel your book and its approach of using both women who have been diagnosed with breast cancer as well as those have experienced “scars” in such a tasteful and artistically pleasing yet informative manner is “brilliant”.

I totally support your breast cancer awareness book and your commitment is to be applauded.

To assist you with getting your message out to new audiences I would like to extend to you an invitation to address a group of organizations that I represent such as Cooper Cancer Institute, Virtua Cancer Center and etc.

On behalf of the Community Health Outreach Consortia (CHOC) of South Jersey please accept this letter as our invitation for you to speak at our next meeting.

CHOC holds a non-profit, 501c3 status and membership consists of representatives from many local public and community health organizations as well as county government organizations. CHOC members will meet at Collingswood Manor, 460 Haddon Ave, Collingswood, NJ.

The meeting will begin at 9:00 am and morning refreshments will be available. It would be most appreciated and welcomed if you would please deliver the same educational message that you presented to the Burlington County Cancer Coalition. I expect approximately 10 representatives from our member organizations to attend the meeting.

I look forward to seeing you in December. Should you have any questions regarding your presentation please feel free to contact me at 856-577-4630.

Sincerely,

Kathleen McCabe, MA

Director
