Subject: Re: Your Breast Cancer Book pictures for your review

Dear James:

Thank you for forwarding the images to me as soon as you did, and allowing me to be a part of something so meaningful to life presently, and futuristically. I believe the picture has to grow on me but over all I like it.

I think it shows the essential purpose of the book and my being involved with my mother in its creation. What you have done with the background is lovely as well. The expressions on our faces merely put me to shock because we look so peaceful in such a vulnerable state.

Hopefully the other pictures will have the same or similar effect.

I look forward to seeing the rest.

Thank You.

Dawn
